

Part Number: 72N160-807

Part Description: Forward Fan Cowl  
Right Section

## Specifications

|                              |                         |
|------------------------------|-------------------------|
| Product Families:            | Nacelles                |
| Product Group:               | Fan Cows                |
| Part Number                  | 72N160-807              |
| Root Part Number             | 72N160-XXX              |
| ATA Chapter 2 Digit          | 71                      |
| ATA Chapter 4 Digit          | 71-13                   |
| ATA Chapter 6 Digit          | 71-13-11                |
| MFR / Manufacture -CAGE Code | Pratt & Whitney         |
| Application                  | A330-A340 - (Dual Isle) |

## Repair

|                      |                                |
|----------------------|--------------------------------|
| Part Number          | 72N160-807                     |
| Description          | Forward Fan Cowl Right Section |
| Repair Manual- CMM   | CMM                            |
| Bench Check & Advise | Yes                            |
| Repair               | Yes                            |
| Overhaul             | Yes                            |
| Repair Facility      | Miami Lakes                    |

## Logistics

|             |                                |
|-------------|--------------------------------|
| Part Number | 72N160-807                     |
| Description | Forward Fan Cowl Right Section |

From sophisticated composite repairs for nacelles and stabilizers to intricate nose-to-tail flight control overhaul, 630 Aerospace offers a full range of services and payment approaches that accommodates each customer's mission requirements, business needs, and financial goals.
