

Part Number: 9227M43P05

Part Description: Pressure Probe  
Pressure Probe Plug

## Specifications

|                              |                           |
|------------------------------|---------------------------|
| Product Families:            | Accessories               |
| Product Group:               | Engine Systems Accesories |
| Part Number                  | 9227M43P05                |
| Root Part Number             | 9227M43P05                |
| ATA Chapter 2 Digit          | 77                        |
| ATA Chapter 4 Digit          | 77-34                     |
| ATA Chapter 6 Digit          | 77-34-15                  |
| MFR / Manufacture -CAGE Code | GE                        |
| Application                  | Unassigned                |

## Repair

|                      |                                    |
|----------------------|------------------------------------|
| Part Number          | 9227M43P05                         |
| Description          | Pressure Probe Pressure Probe Plug |
| Repair Manual- CMM   | CMM                                |
| Bench Check & Advise | Yes                                |
| Repair               | Yes                                |
| Repair Facility      | Hialeah                            |

## Logistics

|             |                                    |
|-------------|------------------------------------|
| Part Number | 9227M43P05                         |
| Description | Pressure Probe Pressure Probe Plug |

From sophisticated composite repairs for nacelles and stabilizers to intricate nose-to-tail flight control overhaul, 630 Aerospace offers a full range of services and payment approaches that accommodates each customer's mission requirements, business needs, and financial goals.
